Madge Youtz, are you ready to Re|imagine your library? We officially kicked off our Re|imagine project earlier in the year with North Branch, which just reopened in July with a Grand Opening Celebration, and East Canton, which is getting ready to reopen soon. And your branch is next!

Re|imagine is our commitment to invest in our community by making each branch an inviting space that inspires and empowers our community to pursue creativity and lifelong learning. Your library will have new computers and a business center, upgraded technology, and new carpet and paint. You’ll have comfortable sitting areas, furniture with power to plug in your device, and so much more.

Click here for details.

The last day we’re open is August 14, and the building will be closed for about five months for renovation. We will share updates and reopening news regularly via email during the closure.

What to Expect While We’re Closed
While we’re closed, we’ll do our best to provide you with alternate ways to access library materials and services. The bookmobile will be on-site at the parking lot adjacent to the branch at scheduled times. Keeping our patrons and staff safe is our utmost priority, so you’ll be required to wear a mask while in the bookmobile. You will be able to pick up your holds and access other library services from the bookmobile.

Digital Services
The 24/7 Digital Library is always available! It’s an easy way to access eBooks, audiobooks, and eMagazines, stream movies, music, and TV shows 24/7 from the comfort of home. Of course, our other branches are open for those who prefer to visit us in person.

About Your Branch
The Madge Youtz Branch, originally known as the Crystal Park Branch, was the first branch of the Canton Public Library, and it opened in 1929. It was renamed the Madge Youtz Branch in 1945, to honor Mrs. Youtz, a school principal and community philanthropist who created the Youtz Burns School Library Fund which was used to help furnish materials. The Branch opened in its current location in Fall 2003.
