What is Re|imagine?
Re|imagine is our plan to live out our mission and vision in Stark County, creating inviting spaces that inspire and empower all people to pursue creativity and lifelong learning. It is a multi-year plan to renovate our buildings, upgrade our technology, and create more flexible spaces for a wide range of use.

Why is Re|imagine Important to Our Community?
You showed your belief and good faith in us by passing a new levy in 2019. As a trusted guide in the community, we are committed to being good stewards of the dollars that you entrust to us.

Re|imagine is our commitment to invest in your community by properly caring for our buildings and facilities in order to serve you with excellence every day.

Re|imagine Objectives
When we began planning for this project, we spoke with community members to see how they used our libraries and how we could best serve our patrons. We used this information to develop our objectives for Re|imagine:

• To serve you — and each person who walks through our doors — with excellence, to best meet your needs

• To create more dynamic, flexible spaces that adapt to meet the needs of your community

• To implement technology improvements and best practices to serve you better

• To use our data to evaluate the books and materials that patrons of each branch check out, so we can custom curate each collection
North Branch
North Branch, which was built in 1962, was last renovated in 2001. Your beautiful branch will be upgraded with features to make your library a place you want to spend your day.

CLOSED BEGINNING FEBRUARY 8
While we’re closed, we’ll do our best to provide you with alternate ways to access library materials and services. The bookmobile will be on site at the parking lot adjacent to the branch at scheduled times. Keeping our patrons and staff safe is our utmost priority. Although you will not be able to browse materials on the bookmobile, you will be able to pick up your holds and access other library services from the bookmobile.
