Index to Obituaries in the *Canton Repository*, 2013
 The following is an alphabetical listing, by surname, of obituaries that were published in the Canton, Ohio, newspaper, the *Repository*, from January 2013 to December 2013. It was compiled in the hope that the book would be a useful tool to genealogists, as well as other researchers.

To use this index, simply look up the name of the person whose notice you wish to find. The entries will appear as follows:

<u>Surname</u>	<u>Given</u>	<u>Maiden</u>	<u>Title</u>	<u>Year</u>	<u>Month</u>	<u>Day</u>	<u>Section</u>	<u>Page</u>
Abbott	Donald R.			2013	July	6	B	2

The first column is the individual's SURNAME. The second gives the person's given name. The third column gives the persons maiden name if one is given in the obituary. The fourth column gives the title of the person if one is used. The fifth, sixth and seventh columns tell the issue date of the *Repository*. the eighth and ninth columns tell the section and page number where the obituary is located.

You may find one name with several listings showing different dates and locations in the paper. This indicates multiple listings for that individual. We encourage you to view each item for additional information.
